The last report of the Vermont Board of Education, together with the report of the Secretary of the Board, is at hand. It contains a fund of Statistical information of much value to all who feel an interest in the welfare of the system of common schools in Vermont. It has been through the influence of this body that much of the legislation in the interest document could be put into the hands ture of home missionary labor. of every voter in the state, particularly into the hands of every parent. That its tendency would be to awaken a greater degree of interests in this most important of subjects and give an impetus to the march of improvement we entertain no doubt.

The following facts as shown by the

HALES HAIR VIEW HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair Dressing ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assaver of Massachusetts, says, The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes." Sold by all Druggists, and Dealers in Medicines. Price One Dollar.

## Buckingham's Dye.

FOR THE WHISKERS. As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO. NASHUA, N.H.

VERNON E. SMITH,

(Successor to Thomas & Smith.)
